WHY MS-MPE AT PITT?

We will help you identify and bring a medical product innovation to life. We provide a solution through prototype creation in a program with

- Distinct opportunities through top specialized medical facilities and tech companies
- Collaborations alongside industry leaders and esteemed faculty
- Cooperative experience with immersion in the medical/hospital environment

The University of Pittsburgh is located in the Oakland neighborhood of Pittsburgh. Pitt, Carnegie Mellon University, and some of our major hospitals (under the University of Pittsburgh Medical Center) are located within walking distance.

[Check out our fact sheet for more information.](#)

ABOUT PITTSBURGH

- The City of Pittsburgh has reinvented itself with strong industries including healthcare, education, technology, robotics, and financial services. In 2018, according to a yearly report by The Economist Intelligence Unit, Pittsburgh was named [the 2nd Most Livable City in America](#) (behind Honolulu).
- Pittsburgh has a [thriving restaurant scene](#) with acclaimed chefs ditching their New York City lifestyles and seeking opportunities here.
- The [sports culture](#) in Pittsburgh can put other cities to shame. With the [Steelers](#) six Superbowl titles, the [Penguins](#) five Stanley Cup titles, and the [Pirates](#) five World Series titles, we dub ourselves, the City of Champions.
- If sports are not your thing, Downtown Pittsburgh also has a bustling [arts and culture scene](#).
